Core Businesses

1 Live Commerce

LIVE

Proposing the ultimate solutions for both domestic and international live commerce. Featuring a diverse talent lineup ranging from top-tier celebrities to highly successful, professional streamers.

2 OEM・ODM

Offering an ideal partnership that beautifully balances Price, Quality, Speed and Development Capability.

3 Overseas Export Support

We strictly comply with domestic and international regulations—such as the Pharmaceutical and Medical Device Act and Food Labeling Laws—ensuring thorough safety in raw material selection and product development tailored to each country's unique standards.

About Our OEM Services

We are a comprehensive contract manufacturer (OEM/ODM) specializing in health foods, pharmaceuticals, and cosmetics. We provide one-stop support spanning raw material procurement, planning, manufacturing, and sales assistance to bring your ideal product to life with incredible speed.

Product Categories We Can Manufacture

- Health food

Powders

Capsules & Tablets

(Skincare & Makeup)

Product Launch Workflow

1 Hearing — 2 Sample Development (Sample) — 3 Prototyping — 4 Mass Production — 5 Delivery

- 2～3 weeks
- 1～1.5 months
- 1.5～2 months
- 1.5 months

From step 3 until delivery as quick as **3** months

From Small Batches to Mass Production

We are fully equipped with production lines that seamlessly adapt to any order volume. By partnering with certified GMP factories both in Japan and overseas, we deliver the highest standard of quality alongside a highly stable supply chain.

In-House Laboratory

Formulation reviews can be completed as quickly as the very same day. We specialize in materializing your "ideal formulation" right on the spot, drastically accelerating your overall product development cycle through a collaborative co-creation process.

From planning and development all the way to delivery, we support you every step of the way!

Please feel free to reach out to us with any questions or inquiries!
